

AGRIMAX TURF RT 333 - Technical Specifications

Description

AGRIMAX TURF RT 333 (R-3+) is a radial tire designed for small tractors in gardening, vineyards and orchards applications. Its rounded shoulder design provides low soil compaction and makes it extremely delicate on the ground. Its unique extra-deep tread (R-3+) and the special design with directional blocks stand for excellent traction both in the field and on the road, and an extended tire life cycle. AGRIMAX TURF RT 333 (R-3+) ensures great self-cleaning properties and thanks to its low rolling resistance, allows for significant fuel saving.
